RUDRAPAKA BALA HARSHITH

B.Tech – Computer Science & Engineering | 3rd Year

Phone:+91 7093287666

Email: harshithrudrapaka06@gmail.com

Portfolio: https://harshith06-r.github.io/BVC_CSE/#2ndyear

College: Bonam Venkata Chalamayya Engineering College, Odalarevu, Andhra Pradesh

Career Objectives

- Motivated Computer Science Engineering student with a strong foundation in web technologies and Java-based application development. Seeking opportunities to apply technical skills, learn industry best practices, and contribute to real-world software development projects while continuously enhancing professional expertise.

Academic Overview

- Bachelor of Technology (B.Tech) – **Computer Science & Engineering**

  Bonam Venkata Chalamayya Engineering College, Odalarevu

  CGPA: 7.45 (up to 3rd Year).

Technical Skills

- **Programming & Web Technologies**: HTML, CSS, Java (Core)
- **Development Tools**: Visual Studio Code, GitHub
- **Concepts**: Object-Oriented Programming, Basic Web Application Development.

Professional Training & Certifications

- Java Full Stack Development Certification – Internshala

  Duration: 2 Months.

Key Learning Outcomes:

- Learned basics of frontend development using HTML and CSS
- Gained exposure to full stack development workflow and version control using GitHub
- Understood application structure, debugging, and deployment basics.

Academic projects

- Web Application Development (Practice-Based Project)

Objective:

- To design and develop simple, responsive web pages to understand the fundamentals of frontend development and user interface design.

Approach & Methodology:

- Designed web pages using HTML for structure and CSS for styling
- Implemented clean and readable layouts using modern design practices
- Used Visual Studio Code as the development environment
- Maintained project versions and source code using GitHub.

Challenges Faced:

- Designing responsive layouts for different screen sizes
- Understanding proper HTML structure and CSS styling hierarchy.

Benefits:

- Improved understanding of web development basics
- Hands-on experience with real-time coding and version control
- Strengthened problem-solving and debugging skills.

Internship / Industrial Exposure

- Java Full Stack Development Training (Internshala – Online)
- Actively participated in hands-on assignments and practical exercises focused on Java programming and basic web development concepts.

Core Competencies

- Quick learner with a strong willingness to adapt to new technologies
- Good analytical and logical thinking abilities
- Effective communication and teamwork skills
- Self-motivated and disciplined learner.

Extracurricular & Co-Curricular Activities

- Actively involved in technical learning beyond curriculum
- Regularly practices coding and web development concepts
- Interested in exploring new tools and technologies related to software development.

Declaration

- I hereby declare that the information furnished above is true and correct to the best of my knowledge and belief.
